ABOUT ASANTI SHORES LIMITED

ASANTI SHORES LIMITED is an incorporated Nigerian marine services company that supplies vessels, crews, provisions, fuel, equipment and underwater support to ship owners, commercial operators and the oil and gas industry from a single point of contact.

The company was incorporated on 12 January 2023 as a private company limited by shares under the Companies and Allied Matters Act 2020 (RC 2018901), and is registered with the Corporate Affairs Commission of the Federal Republic of Nigeria.

Our offering covers seven connected service lines. Clients deal with one company for the full vessel support chain, which cuts coordination time, eliminates middle-layer friction, and keeps operational accountability clear.

We work to a simple standard: safe operations, dependable delivery and open communication from the first enquiry to the final invoice.

VISION, MISSION, VALUES & QHSE FRAMEWORK

OUR VISION

“To be the most trusted indigenous partner for integrated marine services in Nigeria and the wider region.”

OUR MISSION

- To deliver reliable, cost-effective marine support to ship owners, operators and energy companies, from crewing and provisions to fuel, vessels and underwater wo
- To protect people, vessels and the environment by working to recognised international safety and quality practice.
- To keep every client informed, with fast response and clear reporting at each stage of a job.
- To build lasting relationships with clients, suppliers and host communities.

OUR CORE VALUES

Safety First
No job is worth an injury or a spill. Mandatory PPE and risk review on every ta

Integrity
Honest pricing, accurate reporting, and commercial commitments kept at all times.

Reliability
Supplies, vessels and crews delivered strictly on schedule to prevent demurra

Responsiveness
Quick answers and 24/7 coordination from first contact through job completion.

Environmental Care Responsible handling of waste, marine fuel and fresh water with zero discharge.

QUALITY, HEALTH, SAFETY AND ENVIRONMENT (QHSE)

Safety and quality come before schedule on every Asanti Shores job.

1	**Planning:**	Each job starts with a structured pre-job review of scope, risks, sea state, and operational responsibilities.
2	**People:**	Crews and contractors are briefed on safe working practices and empowered with Stop Work Authority before deployment.
3	**Equipment:**	Vessels, diving spreads, compressors and gear are verified for condition and class certification before mobilization.
4	**Environment:**	Fuel, potable water and waste handling follow regulatory MARPOL requirements, with spill prevention built into all delivery procedures.
5	**Continuous Improvement:**	Client operational feedback and post-job reviews feed directly back into our standard operating procedures.

OUR PEOPLE: HOW WE PREPARE FOR FIELD WORK

- Pre-job review: Scope, risks and responsibilities are reviewed with all operational leads before work commences.
- Crew briefing: Crews, vessel masters and riggers are briefed on site-specific safety and communication protocols.
- Mandatory PPE in Practice: Industrial hard hats, reflective branded safety vests, and marine flotation work vests.

“No job is worth an injury or a spill. Our people are briefed, equipped and accountable from enquiry to final invoice.”

OUR SEVEN CONNECTED SERVICE LINES

Available individually or integrated into one seamless vessel support package.

1 Ship and Crew Management

Core Offer: Crewing, vessel operations support and statutory compliance

- Recruitment, placement and rotation of certified STCW vessel crews
- Crew documentation, certification checks and local travel coordination
- Support for vessel technical operations, statutory audits, and flag state compliance

2 Ship Chandler

Core Offer: Provisions, stores and consumables delivered to the vessel

- Fresh/frozen provisions, dry bonded stores, cabin supplies, deck & engine consumables
- Rapid delivery to vessels at anchorage or alongside quays in Lagos, Onne and Warri
- Consolidated ordering, itemized commercial pricing, and documented receipts

3 Marine Equipment Sales and Supply

Core Offer: Equipment and certified spares for vessels and marine operations

- Supply of certified lifesaving appliances (SOLAS), mooring ropes, valves, pumps and hardware
- Sourcing to client specifications from vetted local and international manufacturers
- Consolidated delivery coordination directly to port jetty or vessel deck

4 Bunker Supply and Fresh Water

Core Offer: Marine fuel and certified potable water supply

- ISO 8217 compliant Marine Gas Oil (MGO) and VLSFO delivered via dedicated barge
- Fresh potable water for vessel operational, cooling and crew consumption
- Precise delivery scheduling, sealed MARPOL sampling, and quantity documentation

5 Underwater Services

Core Offer: Inspection and support work below the waterline

- Class In-Water Surveys (IWS / UWILD) with CCTV video recording and reporting
- Hydraulic rotary brush hull cleaning, sea chest de-fouling, and propeller polishing
- Underwater oxy-arc cutting, minor underwater repair, and subsea maintenance support

6 Tug Boats and Barges Hire

Core Offer: Towage and cargo-carrying vessels on commercial charter

- Harbor and ocean tugs for towage, berthing assistance, rig moves, and positioning
- Flat-top deck cargo and ramp barges for heavy equipment, pipes, aggregate, and scrap transport
- Flexible charter agreements on spot-hire, short-term, or project contract basis

7 Service Boats Hire and Logistics

Core Offer: Crew, personnel and materials transfer across coastal waters

- High-speed craft for crew rotation, superintendent transfer, and security liaison
- Waterborne logistics supporting coastal oil terminals, anchorages, and rigs
- Flexible hire periods to match project schedules with verified vessel maintenance

ONE COORDINATED PACKAGE: THE FULL VESSEL SUPPORT CHAIN

Clients deal with one company for the full vessel support chain. Whether an incoming tanker requires STCW crew facilitation, fresh chandling provisions

Benefits for Fleet Managers & Charterers:

1. Single Point of Contact (reduces vendor liaison time by up to 60%)
2. Synchronized Deliveries (eliminates multiple port delays and demurrage costs)
3. Transparent Itemized Proposals (clear accountability from arrival notice to final departure invoice)

FLEET, EQUIPMENT & CERTIFIED VESSEL OPERATIONS

The vessels and equipment supporting Asanti Shores Limited hire and supply operations include fit-for-purpose maritime assets deployed across commercial

PRIMARY FLEET & MARINE EQUIPMENT DIRECTORY

- 1. Tug Boats (Harbor & Ocean Towage, up to 4,000+ BHP)
- 2. Deck Cargo & Ramp Barges (1,000 to 5,000 DWT capacities)
- 3. Service & Fast Crew Transfer Boats (CTV, 12 - 40 pax)
- 4. Bunker & Fresh Water Delivery Barges with certified meters
- 5. Commercial Diving Spreads & Underwater CCTV Inspection Panels
- 6. Auxiliary Machinery: Heavy-duty pulling winches & power generators

CERTIFIED VESSEL PROFILE: MV JAS & GOLD (WAR-6353-QZ)

Asanti Shores Limited holds the National Inland Waterways Authority (NIWA) Operational Certificate and Operator's Permit for MV JAS & GO

NIWA OPERATIONAL CERTIFICATE
Certificate No: 20250800002846
Vessel Number: WAR-6353-QZ
Issued: 04 November 2026 by NIWA

NIWA OPERATOR'S PERMIT
Issuing Body: National Inland Waterways Authority
Validity Period: November 2026 – November 2027
Authorized Operating Waters: Inland Waterways of Nigeria

TUG BOATS AND CARGO BARGES CHARTER OPERATIONS

Our tug and barge services support harbor towage, berthing assistance, positioning, rig moves, and the safe movement of heavy machinery, pipes, scrap metals, and bulk cargo on water corridors across Lagos, Onne, Port Harcourt, and Delta waterways.

A deck cargo and ramp barge is available for charter. Documented photographic records show the barge hauled up for dry-dock maintenance, moored alongside quays, and demonstrating bow ramp deployment at jetties for direct RoRo equipment loading.

Vessel Photograph Note: Vessel names are as painted on hulls. Photographs illustrate the types of tug and barge available in the hire service line; chartered vessels conform to class
